主旨: Re: Inquiry about International Events Schedule of Malaysia

Hi Lian,

Yes, everyone is affected by the pandemic especially sporting events. Our government has extended the Recovery Movement Control Order to 31 December 2020 which means our borders are still closed for tourists and no international sporting events are allowed. We have had to cancel all our international events scheduled for 2020.

We hope that 2021 would be a better year for all of us.

Stay safe

Sara
