Dear Linda

First, sorry for sending an empty email....

Generally, we have exemption category for amateur players from APGC member countries (top 10 of Nomura Cup etc.).

Due to Covid-19 pandemic around the world, however, we have changed exemption category for this year(as attached) to presume that most AT players and APGC amateur players can hardly travel to Japan, in addition to visa issue and self-quarantine of 14 days, which APGC board agreed in advance.

In short, there is no spot for APGC amateur players this year.

We shall consider how we would be able to welcome them in 2022 but there is no idea at this time of the moment.

I apologise for late notice of this decision.

Sincerely,.

Yuji Okubo
