Hi Linda,

Sorry for the late reply.

We are currently in Singapore's Phase 2 (Heightened Alert) and in order to minimise the transmission of COVID-19 and bring the infection under control, all our events will be suspended from 16 May until further notice.

We will give you an update regarding all the tournaments including SOAC once we have the confirmed details by the government in time to come.

In the meantime, do stay vigilant and stay safe!
