In the event of a tie for 1<sup>st</sup> place, the players will go into a sudden-death playoff to decide the winner. When there is a tie from runners up to 8<sup>th</sup> position, the tournament committee will use the count back system to decide the player's position: player with fewer strokes on the last round will be in the front rank. If the individual strokes of last round are still the same, a count back will be done based on scores of the back 9 of last round; if the scores are still the same, a count back will be done based on scores of the last hole of the last round and so forth. If the scores are still the same, a draw will decide the player's position.

2. All age groups can choose to carry their own golf bag or pull trolleys in the tournament. In the tournament, all groups will be provided with 1 scoring caddie.

3. Tournament dress code: All players of Chinese nationality (excluding Hong Kong, Macao and Chinese Taipei) must wear T-shirts, apparels and caps provided by the organizing committee. The total of the 3 scores will be the team result of each day. Final results will be based on the accumulation of team results of 3 days. Team Champion title goes to the team with the lowest total score.

2. In the event of a tie, a count back system will be used to determine the winner. The team with lowest team score on the last round will be the winner. If the scores are the same, it will then be based on the last round individual best score of each team. If last round individual best scores are still the same; a count back will be done based on the individual best score from the last hole and so forth.
